Garden Seed

"Ask"—i.e., can use 5 lbs. or more of one kind or variety. What do you want?

Our Seed Laboratory

We have had a Seed Laboratory for years to check and list the seeds we buy and others of the same kind for the great value of this. Our analyst, Red Jeffrey, is a highly experienced member of Soil Test Laboratories. Their tests are acceptable to us in all states, and to other agencies. There are only 107 laboratory analysts in the U.S.

We do not trade for anything under 5 lbs. of the same kind. We do not sell seed to wholesale merchants.

We make our own determinations of the quality of the seed and inspect containers, within recognized standards. We give no other or further warranty. express or implied.
